Youth Travel Started from Taiwan

Youth Development Administration of the Ministry of Education has collaborated with non-profit organizations and universities and colleges to establish Youth Travel Spots. You can have a deep tour and experience various activities.

Touching Your Heart and Set Out from Here

The natural ecosystem, diverse humanities appearance and passionate person that Taiwan enriches, is worth to realize and complete the most unforgettable touching map in your heart.

Responsible Travel Started from Youth

Youth Development Administration of the Ministry of Education and international youth tour organizations work collaboratively on a project called "Responsible travel" in which we can protect the local environment and respect local culture at the same time during the activity.

The activity renews at any time, please get internet access and search
